4.5-1				
 The diagram illustrates a cross-section of a floor construction. From top to bottom, the layers are: a thin top layer, a layer of '环氧树脂涂料' (Epoxy resin coating), a thick layer of '成品水泥混凝土' (Finished concrete), and a bottom layer of '普通防水水泥' (Ordinary waterproofing cement). A label '普通' (Ordinary) is also present on the right side of the diagram.
